Seedsmen everywhere are selling Burpee's Seeds; they appreciate their Better Quality and Lower Cost. Allow us to serve you on Merit; allow us to sell you seeds to your Profit.

### We Send You

Look at the prices quoted and compare them with the retail prices you will get. A wonderful opportunity to make money.

### Order Early

Although we greatly increased our plantings last summer, some seed crops are short; these include many varieties of Bush Beans, particularly Wax-Pods; Fordhook Bush Lima Bean; some varieties of Cabbage and other vegetables. We suggest you cover on your requirements of all seeds as soon as possible.

### Quick Service

The Burpee Buildings, pictured below, are especially equipped to properly and quickly fill your orders, most of which are shipped within six hours from the time they are received. These new Burpee Buildings, into which we moved recently, were made necessary by the tremendous increase in the number of Burpee Customers. If you have not depended upon Burpee for your annual supply of seeds, do so this year; a trial order will be appreciated.

### Special Advertising Offer

In our retail advertisements, we are making a Special Offer of 4 Pkts. Giant Dahlia-Flowered Zinnias—4 Best Colors—1 each of Scarlet, Yellow, Lavender and Rose for only 10c.

## Giant Ruffled Sweet Peas

### 3554 **SPARKLE** (New for 1938)

A long-sought-for color in Ruffled Sweet Peas, one that is luminous and sparkling, lively and pleasing. A gay, glad color best described as glowing cerise, evenly spread over the standard and wings, varying only in tone in the lights and shadows created by the rufflings.

A bouquet or bunch of "Sparkle" is very bright and warm, yet not fiery or harsh. Much of the brilliance is due to the intense ruffling and a slight, hardly noticeable, but harmonious orange suffusion which adds so much to the liveliness of this outstanding Sweet Pea. Not the least of "Sparkle's" many attributes is its lovely fragrance. Flowers are large, duplexed, beautifully ruffled, frilled and waved.

Oz. \$2.00; 100 pkts. \$12.50; 1000 pkts. \$100.00.

Flowers are very fragrant and well placed on sturdy stems. Winner of the Gold Medal of the Scottish National Sweet Pea Society and the Award of Merit of the National Sweet Pea Society of Great Britain.

# Early Flowering Sweet Peas

Burpee's Early Flowering Sweet Peas come into bloom 3 to 4 weeks earlier than the Summer Flowering varieties offered on pages 30 to 35. They are especially adapted for growing in frost-free sections and for earliest blooms outdoors in the North, and also valuable for winter flowering under glass. They are being planted more and more every year. If you live in a locality where the late Sweet Peas have not done well, have your customers try some Early Flowering. They will bloom before the summer heat arrives. Sweet Peas do best in cool weather. If seed was not sown in the fall, sow as early in the spring as the ground can be prepared. They prefer an open, sunny location, and deep rich soil which must be well drained.

Burpee's Sweet Peas are famous the world over as the "Best That Grow." The flowers are extra large, of perfect form and texture, well placed on long strong stems, and usually produced in sprays of four. **We have marked with a star (\*) the varieties that we prefer in each color class; if you are in doubt as to which to choose, make your selection from those thus marked.**

One-half lb. of any variety may be ordered at  $\frac{1}{2}$  the lb. rate;  $\frac{1}{2}$  oz. at  $\frac{1}{2}$  the oz. rate where the price per oz. is 20c or more. Where the price per oz. is 15c, we will sell  $\frac{1}{2}$  oz. for 10c. No unit will be sold for less than 10c.

# BURPEE'S FAMOUS SEED FARMS

*More than 200 acres are planted to Sweet Peas every year for seed production at Floradale. Besides Sweet Peas, there are acres upon acres of other kinds of flowers at Floradale.*

## Fordhook Farms

"Fordhook" long ago became a well-known and well-loved name among gardeners everywhere, for many of the famous Burpee introductions are named for the great Fordhook Farms—the original Burpee Seed Farms—located at Doylestown, near Philadelphia.

At Fordhook, many special strains of vegetables and flowers are produced. Here also are the largest and most complete Trial or Proving grounds in the world. Every variety of seed that we sell is tested for purity and vitality. In addition, we try out hundreds of varieties from foreign countries, making careful comparisons, and by hybridization and selection we are constantly improving the Quality of existing varieties and creating new ones. This vast amount of experimental work goes on year in and year out at Fordhook, as well as at Floradale Farms, so that the Best varieties and the Best Seeds that Grow can be offered to Burpee customers.

## Floradale Farms

With its hundreds of acres of flowers, spreading out in a glorious panorama, Floradale Farms has been appropriately called, "The California Home of Flowers." Like Fordhook, Floradale has given its name to many flowers which Burpee has originated.

Floradale Farms are located in the Lompoc Valley, California—60 miles north of Santa Barbara. Seeds grown here have exceptional vigor, high vitality, and hardiness which assure sturdy growth and successful blooming wherever grown. Mild winters and long, cool summers are especially favorable for growing flower seeds. Plants have a long growing season and mature their seed during the dry, cool summer and fall; the seed maturity is not hurried—it matures leisurely into the biggest, plumpiest seeds it is possible to grow. Experimental work as well as seed growing is continually going on at Floradale; we are proud of the many new and valuable varieties we have originated on Floradale Farms.

*At Fordhook Farms, thousands of tests are made annually of both Flowers and Vegetables to assure Burpee customers the Highest Quality and Highest Vitality Seeds—the Best Seeds that Grow.*
